NEWLY APPOINTED CHANCELLOR AND VICE-CHANCELLOR & PRINCIPAL

Dr Xolani Humphrey Mkhwanazi is an internationally experienced Senior Business Leader, serving as a Director in several reputable Companies, able to contribute imaginatively and innovatively to the development and sustainability of a business. He has extensive executive leadership, business and technical experience in the Energy, Mining and the Public sector. His knowledge and understanding of public policy and current government priorities, coupled with sound networks in both the public and private sectors sets him apart. As an executive coach, he has a passion to grow, guide and nurture newly appointed executives.

Dr Mkhwanazi is a former Executive Chairman of BHP Billiton Southern Africa, a position he held for 7 years from 2008 to 2015. He joined BHP Billiton in February 2005 as President and Chief Operating Officer of BHP Billiton Aluminium Southern Africa.

Before then, Dr Mkhwanazi was CEO of Bateman Africa Limited, a position he held from 2004. He was previously CEO of the National Electricity Regulator of South Africa where he was responsible for rebuilding the organisation into a world-class regulatory authority. He was also responsible for setting up and leading several regional and African-wide regulatory bodies. He was President of the Chamber of Mines for the period 2010 to 2012.

Dr Mkhwanazi serves as Chairman of Gibela Rail Transportation, Odgers Berndston South Africa as well as Private Label Promotion (PLP). He is also a Non-Executive Director (Non-Independent) of listed South32 Limited and Murray & Roberts Holdings. He holds a BSc in Maths and Physics from the University of Botswana and Swaziland, and completed a MSc and PhD in Applied Physics at the University of Lancaster, UK.

Professor Gordon Ndodomzi Zide, a renowned academic and social scientist, assumed his responsibility as Vice-Chancellor and Principal of the Vaal University of Technology (VUT) with effect from 1st May 2017.

Prof Zide is an esteemed social transformation scholar who is respected in academia worldwide. He has vast wealth of experience and an academic career spanning more than three decades in higher education administration and management.

Prof Zide previously served at VUT as Deputy Vice-Chancellor responsible for Governance and Organisational Transformation. In 2015 he joined UNISA as Registrar, a position he held for just more than a year. To cement his academic journey, the University of South Africa (UNISA), at which Prof Zide served as its Registrar, appointed him as Professor Emeritus in Anthropology; a discipline that Prof Zide speaks highly of.

Prof Zide matriculated at the Freemantle Boys' High School in Lady Frere and thereon proceeded to Fort Hare University, where he completed BA, BA Hons and an MA Degree in Anthropology. In 1999, the then University of Port Elizabeth (UPE) conferred on him a PhD in Anthropology. Currently, Professor Zide is one of a few Public Anthropologists South Africa has.

His senior management career kicked off when he became the first Black Registrar of the Fort Hare University, then became an Advisor to the Vice-Chancellor and Principal of NMMU. He is married to Nomalizo, also a graduate of Fort Hare University and are blessed with six children and eight grandchildren. Prof Zide is a lay-preacher of the Methodist Church of South Africa (MCSA) and serves the church in many capacities

Message from the Vice-Chancellor & Principal

On behalf of the Community of the Vaal University of Technology, I would like to salute and congratulate all the graduands for achieving their hard-earned milestone in their academic journey. It is time you can proudly say to yourself: "I have made it, no matter how challenging and tiring the journey was."

In your success which lies ahead, never forget those who sacrificed everything in their life to make it possible for you. Most of all, never forget the source of your strength and wisdom when thanking all the people that carried you and made you who you are today. Give yourself time to say: Thank you father God for being with me all the way.

I believe you have the potential to be leaders in your area of choice as you graduate today. I quote Leo Buscaglia as he emphasizes the essence of ethics in Leadership when he says:

- "You alone can bring magic – and humour, and joy to the people you encounter;
- Anything you dream, by the very nature that you can dream it, makes it possible;
- The purpose of life is to help others and if you can't help them, would you at least not hurt them!
- You can make things happen that you never thought you could!
- The greatest risk in life is to risk nothing. The person who risks nothing, does nothing, has nothing and is nothing;
- To be is to do – and to do is to do now because tomorrow might not be there;
- You have everything you need to be so much ... don't settle for less!
- There is no end to human potential – and there's so much more to learn;
- The time for action is now – and only you can make the difference!"

The role of ethics in Service Excellence and in Corporate Governance is well articulated and captured in an article by Professor Solly Banator which appeared in the Cape Times of the 14 February 2006, in which he opined:

"Professionals play, an important role in society. Indeed, society could not function effectively without trustworthy professionals. This raises questions about the ethics of how institutions operate and exert influence on those who work within them. In the face of the powerful forces eroding professionalism, there is a great need to promote core professional values".

I would like to bring to your attention the "Good Ethical Practice, Ethics as stipulated in a Handbook for Faculty and Staff at the University Illinois, 5th Edition" (p4), which describes the value of embracing ethics as follows:

"Apply ETHICS in every aspect of your life to attain the RESPECT and TRUST of others. Keep in mind the VALUES this institution represents, and act with INTEGRITY and HONESTY at all times when representing the University of Illinois. Together, we can achieve great RESULTS"

In conclusion, I wish to encourage all of you here today, to think dearly about making a contribution that will improve and develop your nation in whatever area of your life, hence elevating and promoting the status of your beloved country from one level to the next as follows:

*From Good to Better
From Better to Great
From Great to Awesome
From Awesome to Auspicious
From Auspicious to Ostentatious
From Ostentatious to Fantastic
From Fantastic to Fabulous
From Fabulous to Remarkable
From Remarkable to Incredible
From Incredible to Magnificent
From Magnificent to Majestic
From Majestic to Splendid
From Splendid to Spectacular
From Spectacular to Revolutionary, and
From Revolutionary to Contentment.*

This, will move our nation and the country from one Glory to the next and in the process, there will be no losers but only Winners!

Thank you!

Professor Gordon Ndodomzi Zide
