

Lecturer in the Department Chemical and Metallurgical Engineering: Ms Nkele Baloyi (Master in Metallurgical Engineering, Tshwane University of Technology)

Tel: (+27)0169506757

Email: nkeleb@vut.ac.za

Campus: Vanderbijlpark Campus

ORCID: [0000-0002-5518-9969](https://orcid.org/0000-0002-5518-9969)

Bio: Ms Nkele Baloyi is a Metallurgical Engineering lecturer. She is an accomplished academic and researcher with both academic and industrial experience of 14 years. Ms Baloyi received her master in the Physical Metallurgy field. She has affiliated with the CSIR, CUT and TUT while accumulating knowledge on additive manufacturing, properties of Ti6Al4V, and general properties like fatigue and corrosion.

Qualification & Institution: NDip (Metallurgy) (TUT), BTech (Metallurgy) (TUT), MTech (Metallurgy) (TUT).

Area of Expertise: Physical metallurgy, Additive manufacturing and Material characterisation.
